

Prímaenergia South Buda B. Park

South Buda location,
uninterrupted server room
move.

Client Objectives

Príma Energia previously located in Office Garden due to their lease expiry needed to move. They liked their premises quality, location however as they could not extend their lease they had to look to new options. Challenge was to find a similar good quality, south Buda location office with significantly higher parking ratio, and uninterrupted move of their server room that was crucial for them to be smooth.

Results

Eventually having looked at a few suitable options we managed to find the right space in South Buda Business Park that was suitable to accommodate also the high number of parking space's they needed. Location was excellent and the quality of the office similar to the previous premises. Thanks to our highly experienced technical team detailed planning and coordination the server room move went without any hiccups also.

A Prímaenergia Zrt is the leading LPG gas and pure propane retail supplier company in Hungary. Prímagáz was established in 1992, however after several mergers, and the recent ownership changes due to SHV Energy selling their stake, from Prímagáz they became Prímaenergia Zrt continuing their successful operation.
